RE: North Waseca Fire Lane

DATE: September 13, 2013

Here is the information on the activity at the "North Waseca Fire Lane" area from June 5, 2013 through Labor Day, September 2, 2013.

56 Spot Checks for the North Waseca Fire Lane Location with
Only one ICR written with any type of activity to report

2 Parking Complaints on Waseca Addresses
ICRs are attached

33 ICRs on Lakeview Avenue
On the attached report you will see this also includes spot checks which are also included in the 56 spot checks noted above. I did go through the list to see what may pertain to the reason we were asked to more frequently patrol this area and only found 3 possibilities. Included in this report are calls to the Caribbean so I did not print any of those reports.

If you need further clarification on this somewhat confusing information, just let me know.

**Title:** Spot Checking - North Waseca Fire Lane
**Short Description:**

Spot Checking/I checked the area and found a Red pick-up in the fire lane. I exited my vehicle and check with the parties standing on the water front for the owner. Mr. Montei said the vehicle belonged to him and they were leaving after they got their food. I noticed two cans of beer on the bench and ground at this location. I asked who was having beer and both Mr. Montei and Mr. Hentges said that the beers were their's. I informed them that drinking was not allowed and the beers had to go in the garbage can. Mr. Hentges disposed of the cans. Mr. Montei then hooked the leash back on his dog that was swimming in the water. A unidentified server for the Caribbean called Mr. Hentges over for his food pick-up. I gave a verbal warning to both parties for drinking and Mr. Montei's dog off leash and parking in this prohibited area. He said people come here all the time to let the dogs swim. I said thats is fine, just don't park or drink in this area. I then mentioned, this would be the only warning. The next time citations would be issued for all violation present and they could carry a substantial fine. Both parties said they understood and left the area. Nothing further.

**Short Description:**

I was dispatched to a parking complaint regarding boat trailers being parked on the roads east of County 19. Although I am aware an ordinance exists for this violation, I could not locate it anywhere. There was only one violation that I could find, and I did not take enforcement action. There was inadequate signage for this violation, and again, I could not locate the ordinance number. CSM Hohertz was advised.
