CITY OF TONKA BAY
ITEM NO. 9C

Memo

To: Honorable Mayor and City Council

From: Joe Kohlmann, City Administrator

Date: June 25th, 2013

Re: Municipal Dock Piling Repair

At the June 11th Regular Meeting, Staff prepared a memo regarding a potentially broken piling at the Municipal Docks. At the time, it was speculated that it was broken. Staff has since confirmed that the piling is broken below the waterline.

There was discussion at the last meeting about the piling potentially being shifted from lake bottom. We now know that the piling is in fact broken.

Staff would like to discuss this agenda item since new information has been provided.

Staff contacted Servadock, Concept landscaping, and Minnetonka Portable dredge to obtain a quote. Minnetonka Portable Dredge was the only company that will be able to repair the pilings in the near future. There quoted prices are below:

1) Replace one piling - $1,200
2) Replace second piling (if needed) $2,000

The City budgeted $2,500 for routine dock repairs in 2013. To date, $1,027 has been spent on various maintenance repairs for the docks. That leaves a balance of $1,473.

Council Action Requested:
Discuss and possibly a motion to approve the municipal dock piling repairs as needed, not to exceed $2,000.
