Re: Tennis Court Windscreen

Planned for in the 2013 Equipment Capital Improvement Plan is the purchase of a windscreen for the tennis court at Wekota Park. I have been informed that the wind coming off the lake at times makes it harder to play tennis and that is why we were purchasing them and putting them up on the southwest sides.

Once the order is placed, it is expected delivery will take one to two weeks and a day for staff to hang them up when time permits.

Source of Funds:
The CIP has in the budget $2,000.00 for the windscreen.

Vendor	Material	Total Cost to our door with zip ties	Warranty
All Court Covers	Vinyl coated Polyester	$755.13	4 year
EFA parks supply	100% Polypropylene	$906.72	2 Year
Cover Sport	Vinyl coated Polyester	$1,109.40	3 year
Southern Tennis Supplies	Vinyl coated Polyester	$1,385.79	4 year

Council Action Requested:
Motion to approve the purchase of the new wind screen from All Court Covers in the amount of $755.13 with a 4-year warranty making a savings of $1,244.87 that we use on the basement.
