Re: Cityscape Project – MSU Student Consultants

Since August the Parks Committee has been working with Minnesota State University, Mankato graduate students who are studying city management and city planning to complete a strategic cityscape plan as we look to the future of our parks and the beautification of Tonka Bay.

The students will be at the City Council meeting to present their findings and recommendations. Their final report will come back to the City Council in December for final approval.

Council Action Requested:
Comment and ask questions.
