Subject: RE: Explorers Club

For the event on August 24, we will have more children and staff than originally predicted. The permit is for 275 people, we will actually have 450 total. Although this is a large increase, we are still prepared to still have a perfectly organized event. How the event is run will stay the same overall. We will have different events happening simultaneously (kickball, soccer, basketball, obstacle course, and track/field) as well as have kids on the play area just being kids. The difference will be how many games we have being played before the championship. We will do this bracket style again, there will be more teams in the bracket. The time frame is the same for the event.

In the event of bad weather, we have it worked out with the bus company to have all drivers on standby with their buses ready to go at the bus depot which is across the street. This makes it so the busses are no blocking the street because the buses are not in the parking lot. It also makes it so that they are less than 2 minutes away. IF there really is bad weather projected for the day and we feel the kids/staff safety is at risk, we will cancel the event by 9 a.m.

For the meeting, I will bring a copy of the lesson plan/ schedule for the day. It outlines the overall plan in detail.

We appreciate you looking at our event again in hopes of continuing as planned.

Happy Thursday,

Kari Kroll
