

**A Proposal to Extend the Current Contract for the
Trash, Recycling, & Yardwaste Collection Services
Presented to**

The City of Tonka Bay

**Mayor William LaBelle and City Council Members Anthony Marceau,
Gerry De La Vega, Jeff Anderson and Loretta Holscher**

by Allied Waste Services

February 10, 2012

Rich Hirstein

Senior Municipal Services Manager

(952) 946-5330

Allied Waste's pricing proposal for the Waste, Recycling and Yard Waste Services in Tonka Bay:

Allied Waste (formerly BFI) has had a long-term, successful relationship with the City of Tonka Bay dating back almost two decades. We have provided these services with professionalism and have a solid, mutually respectful and trusting relationship. We look forward to extending that relationship long into the future.

In addition to the work in Tonka Bay we also provide these waste/recycling services to many of your neighbors: Excelsior, Shorewood, Minnetonka Beach, Spring Park, Victoria, Chanhassen, Minnetonka---and have had long working relationships with them as well.

The agreement we have with Tonka Bay to provide these services is up for renewal on April 30 of this year. The City went out for a bid on these services 2.5 years ago and ended up choosing Allied Waste to again provide these services.

The proposed pricing that we'd like to offer to Tonka Bay shows just a small \$.15 per month increase over the current service rates while maintaining all of the current services. As you'll see in the chart on the next page, the Consumer Price Index (rate of inflation) saw an **7.5% increase** during the last year. We are simply seeking a 1% increase. Below is the pricing outline we'd like to offer to the City over the next 3 year extension term.

	CURRENT Rates thru 4/30/12	5/1/12 thru 4/30/13	5/1/13 thru 4/30/14	5/1/14 thru 4/30/15
Garbage Collection and Hauling Rates (per month, per household)	\$6.74	\$5.35	\$5.51	\$5.67
Yard Waste Collection and Hauling Rates (includes Christmas trees and wreaths-- per month, per household)	\$3.24	\$4.00	\$4.12	\$4.24
Recycling Collection, Hauling, Processing and Marketing (per month, per household)	\$3.95	\$5.00	\$5.15	\$5.30
State and Hennepin County Taxes	\$1.27	\$1.00	\$1.03	\$1.06
Total Monthly Rate per Household	\$15.20	\$15.35	\$15.81	\$16.27

What Does the U.S. Consumer Price Index tell us from the last 12 months? What is the rate of inflation?

The most current Year-Over-Year report from the United States Bureau of Labor and Statistics (dated November, 2011) indicates a **7.5% increase in the CPI**.

How does proposed pricing for Tonka Bay compare to other communities in the marketplace?

The answer to this question can seem complicated when trying to compare the overall rates, but it really isn't. Tonka Bay pays a straight pass-thru cost for the disposal costs of the trash collected--- and provides yard waste removal and disposal, plus Single Sort recycling service for all of its residents as part of the standard service offering. Each community is different and not all cities provide the yard waste services. A simple, pure comparison shows that Tonka Bay residents easily get the best pricing around.

A Service Rate Comparison of Trash and Recycling Services

January 16, 2012

	A Combined Trash & Recycle Rate per Month	Number of Households
2012 Proposed Rate →	\$15.35	600
Tonka Bay*		
Elk River	\$15.67	5,260
Excelsior	\$15.97	535
Champlin	\$16.17	6,300
North St Paul	\$17.11	3,500
Deephaven	\$19.85	1,350
Vadnais Heights	\$19.90	4,100
Blaine	\$20.65	14,500
Bayport	\$20.80	600
White Bear Twnshp	\$21.65	4,000
Hopkins	\$22.05	3,000
Mnetonka Beach	\$22.69	230

* Tonka Bay's rate does NOT include Disposal Costs of the Trash...but does include a Yard Waste Service cost of \$4.00 per month. Most City's do NOT include Yard Waste service as part of their Standard service package.

A true Apples-to-Apples comparison would have Tonka Bay's monthly rate at \$15.35 (see above).

In Conclusion

- Tonka Bay is using a long-term, trusted partner in Allied Waste for these critical trash, recycling and yard waste services.
- The proposed rates for 2012 (and the next 3 years) are below those of other Twin City communities that offer them same/similar service package to their residents. Tonka Bay is being offered the lowest prices for these services.
- The annual Tonka Bay Clean Up is a huge success each year. Allied Waste provides this service to the citizens of Tonka Bay.
- Tonka Bay's trash and recycling services just went out for a bid less than 3 years ago and Allied Waste was chosen as the company that provided the best service proposal.
- The Tonka Bay City Staff and Public Works people have a great, professional, working relationship with Allied Waste.
- Allied Waste is committed to continuing to provide the same great service long into the future.

**CITY OF TONKA BAY
AGREEMENT FOR RESIDENTIAL GARBAGE, REFUSE
RECYCLING AND YARD WASTE COLLECTION SERVICES
MAY 1, 2009 THROUGH APRIL 30, 2012**

AGREEMENT made as of April 14, 2009, between the CITY OF TONKA BAY, a Minnesota municipal corporation ("City"), and Allied Waste Services, Incorporated ("Contractor") located at 9813 Flying Cloud Drive, Eden Prairie, Minnesota 55347.

The City and the Contractor agree as follows.

I. Definitions.

1.1 "Garbage" means animal and vegetable wastes resulting from the handling preparation, cooking, service and consumption of food.

1.2 "Refuse" means all wastes which normally result from the operation of a household, includes but is not limited to rubbish, metal cans, papers, cardboard, glass jars, bottles, wood, Christmas trees, ashes, sod, dirt, rocks, household construction materials, cement, bricks, trees, hedge or tree trimmings, household appliances, furniture, water heaters, water softeners, plastics, and any other household refuse or materials.

1.3 "Garbage and refuse collection" or "Collection" means the taking up and collecting of all garbage and refuse accumulated in containers at residences within the corporate limits of the City and the transportation to a sanitary landfill or other place of disposal outside the City limits of Tonka Bay, as designated by Hennepin County.

1.4 "Dwelling unit" means a separate dwelling place with a kitchen.

1.5 "Receptacle", unless specifically provided otherwise, whether referred to as "garbage can", "plastic bag", "suitable container", "cans", or "containers", means a receptacle which shall be of such size and form as to permit collection by one person. Garbage cans shall not exceed 32 gallons in capacity and shall be fitted with handles and lids.

1.6 "Yard waste" means compostible, organic material consisting of grass clippings, leaves, and soft garden materials.

1.7 "Yard waste receptacle" means a plastic "lawn/leaf" bag of a type available commercially, paper biodegradable weatherproof bags, or a permanent can which is identified as containing yard waste.

1.8 "Yard waste collection" means the taking and receipt of all "yard waste" accumulated in "yard waste receptacles" at all homes in the City. Yard Waste shall be kept unmixed from other types of waste or refuse. Collection shall also include the weighing of each load of material and transportation to a Hennepin County approved compost site.

1.9 "Recyclable materials" means newsprint, unsorted glass (food and beverage containers), unsorted aluminum, steel, bi-metal, and "tin" cans (food and beverage containers), plastic bottles (containers with necks), corrugated cardboard, catalogs, magazines, phone books and other materials as mutually agreed upon by the City and Contractor. Recyclable materials also include all items of refuse designated by the Hennepin County Department of Environment and Energy to be part of an authorized recycling program and which are intended for transportation processing and remanufacturing or reuse.

1. 10 "Unacceptable materials" means materials, which are not recyclable materials and recyclable materials, which have not been properly prepared and/or located in accordance with the provisions of this contract.

1. 11 "Recycling containers" means uniform receptacles supplied by the Contractor in which recyclable materials can be stored and later placed at curbside, or other locations for collections as specified by this contract.

1. 12 "Recycling service" means the collection, hauling, processing, and marketing of all recyclable materials accumulated in recycling, containers at homes or at other locations as mutually agreed upon by the City and the Contractor

1. 13 "Special items" means all items as stated or set forth in Attachment A of this Agreement.

2. Term of Contract

2.1 The term of this contract shall be for a period of three (3) years commencing May 1, 2009 through April 30, 2012.

2.2 The City and the Contractor can agree to extend the term of this Agreement for a period up to three years beyond the original termination date, upon such terms and conditions as the parties shall mutually agree.

3. Services to be Performed by Contractor

3.1 Contractor shall collect all garbage and refuse for Collection within the corporate boundaries of the City at least once a week during the term of this contract. Collections shall be done during Mondays.

3.2 The Contractor shall weigh each collection truck at least once per week prior to disposal of its load at a Hennepin County operated transfer station. The Contractor shall provide a monthly weight report to the City.

3.3 Yard Waste

- A. The Contractor shall collect, transfer and dispose of all yard waste from residential properties at least once at a week during the months agreed to by the City and Contractor, but no fewer than eight months per year for the term of this contract. Collections shall take place Monday.
- B. The Contractor shall deliver the Yard Waste materials to an approved compost site. The Contractor shall not mix types of Refuse or inorganic materials with the Yard Waste or take any action so as to make the Yard Waste material unacceptable to the operators of the compost site.

3.3 Recyclable Materials

- A. Recycling service includes the collection and hauling of the following items from all homes:
 - 1. Newsprint
 - 2. Unsorted glass (food and beverage containers)
 - 3. Unsorted aluminum, steel, bi-metal and tin can food and beverage containers
 - 4. Corrugated (cardboard)
 - 5. Magazines and catalogs
 - 6. Plastic bottles (containers with necks)
 - 7. Phone books
- B. Recycling service also includes the processing and marketing of the recyclable materials by the Contractor and/or a sub-contractor of the Contractor.
- C. Recycling collection service includes the collections of recyclable materials only from City approved recycling containers.
- D. The Contractor will provide recycling collection service at each home at a minimum of every other week.

3.4 Additional Recycling Collection Services

A. Description. The City may establish additional recycling collection services. The Contractor shall be required to provide additional recycling collection services at the direction of the City. Compensation for these additional recycling collection services shall be negotiated between the City and the Contractor and set forth in a written addendum to this Agreement. Additional recycling collection services may include, but are not limited to, these items,

1. Rigid plastic containers as designated and/or defined by the City and/or Hennepin County.
2. Other items designated and agreed upon by the City and/or required by Hennepin County under its Recycling Funding Assistance Policy.

3.5 Monthly Reporting. The Contractor will report monthly weights in tons of Recyclable Material. Recyclable Material will be reported in type of commodity with corresponding weight as determined by a mutually agreed method. The report will be available to the City within 15 days of the end of the month.

4. Preparation of Materials for Collection.

4.1 Garbage, Refuse and Yard Waste

A. All occupants of residential properties in the city shall be required by ordinance to keep garbage or refuse wrapped and place in non-leaking standard-type garbage cans or containers, not to exceed 32 gallons in capacity, and which are fitted with handles and lids. The garbage cans or containers shall be of such size and form as to permit collection by one person.

B. Every effort must be made by the Contractor to allow at a customer the opportunity to properly prepare garbage, refuse, and yard waste for collection.

C. All occupant or resident properties in the City that participate in the yard waste collection program shall place yard waste in plastic bags, paper biodegradable weather-proof bags, or a permanent can which is identified as yard waste.

D. All cans and containers, which contain garbage or yard waste shall be placed adjacent to the street for collection. Garbage containers shall be accessible to the collector and shall be kept in one place on the premises, but not in fence yards or inside a garage.

4.2 Recyclable Materials

A. Placement of Recyclables in Containers. Recyclable materials shall be placed in the recycling containers provided by the Contractor and the Contractor shall advise the resident owners to prepare the materials as follows:

4.3 Method of Collection

A. Recyclable material shall be placed in the recycling container provided by the Contractor and the Contractor shall advise the resident owners to prepare the materials as follows.

Acceptable Material for Residential Curbside Recycling:

1. Glass food and beverage containers, Aluminum, steel, bi-metal and tin food and beverage containers, and plastic bottles with a neck.
2. Mixed Mail, Newspaper, Magazines, Telephone Books, Boxboard (dry food boxes only) and Corrugated Cardboard (flattened and bundled separately to be no more than 3 x 3 feet).

- A. Placement of Recycling Containers. Recycling containers in which recyclable materials have been stored shall be placed upon the boulevard area of the street for collection by 7:00 a.m. the day of collection.
- B. Ownership of Recyclable Material. All recyclable materials placed for collection remain the responsibility and ownership of the resident until handled by the Contractor. The recyclable materials become the property and responsibility of the Contractor upon lifting the recycling and its contents and placing the contents in the vehicles.
- C. Rejection of Unacceptable Materials. Recycling material may be deemed by the Contractor to be unacceptable for collection if they are not prepared in accordance with the provisions of the paragraphs A and B of this section. However, the Contractor is required to give written notice to the resident, on forms provided by the Contractor and approved by the City, informing the resident why recyclable materials are in an unacceptable condition for collection.
- D. Procedure for Improperly Prepared Recyclables. In order to have a successful recycling program, residents must be well informed. If a route driver deems that a resident has improperly prepared their recyclables, the driver will leave a "Reminder" tag describing the correct list of items accepted and how they should be prepared.

5. Contractor's Equipment for Garbage, Yard Waste and Recycling Services.

- A. Such garbage and refuse so collected shall be transported in vehicles with leak-proof bodies and completely covered with metal or heavy canvas, and such vehicles shall be so operated that contents do not spill or drop on streets or alleys or otherwise create a nuisance. Contractor shall also furnish auxiliary and accessory vehicles for pickup on private property where appropriate. All vehicles must be maintained in proper working condition and be available for inspection by the municipality and Hennepin County.
- B. The Contractor shall provide garbage trucks that meet a 5-ton per axle weight limit on the following streets during weight limit periods, per Ordinance 950.07: Fairhope Avenue, Interlachen Court, Interlachen Drive, Interlachen Lane, Interlachen Place, Pleasant Avenue, West Point Avenue, West Point Place, West Point Road (extending from Manitou Road [County Road 19] to Fairhope

Avenue). A 5-ton per axle weight limit shall remain in effect year-round for Woodpecker Ridge Road.

- C. The Contractor shall make all collections of garbage, refuse, yard waste in water-tight metal receptacles or vehicles with closed tops so constructed that their contents will not leak Or spill therefrom; such receptacles and vehicles shall be kept clean and as free from all odors as possible and shall not be allowed to stand in any street, alley or other place longer than is reasonably necessary to collect garbage and refuse.
- D. Collection of recyclable materials shall be from a vehicle equipped with removable canvas top or equal quality material to ensure that materials do not spill or blow away therefrom. Such vehicles shall be kept clean and as free from all offensive odors as possible and shall not be allowed to stand in any street, alley or other place longer than is reasonably necessary to collect garbage and refuse.

6. Administration and Customer Service

- A. The Contractor shall maintain an office equipped with telephones and staffed with sufficient personnel to handle complaints, inquiries, and/or to receive instructions.
- B. The office shall be staffed from 8:00 a.m. to 4:30 p.m., Monday through Friday except legal holidays as specified In Section 6, E of this contract as days when no Collection is to be made.
- C. Whenever the City or a resident notifies the Contractor before noon of locations which have not received schedules service, the contractor is required to service such locations before 7:00 p.m. of the same day when notified. When notified after noon, the Contractor shall service such locations no later than 10:00 a.m. of the following day, excluding Sundays.
- D. The Contractor shall comply with ordinances of the City and laws or regulations of the State of Minnesota and its agencies related to sanitation and collection of garbage and refuse in affect during the term of the Agreement. The Contractor shall keep all equipment used in the performance of the work in good operating, condition and in at a clean, sanitary condition. Equipment is subject to periodic inspection by the City.
- E. The Contractor shall not be required to make regular collections on New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, or Christmas Day; provided, that the routes are collected reasonably in advance thereof or thereafter. It shall be the Contractor's responsibility to notify residents of any changes in the collection schedule as a result of said holidays.
- F. The Contractor's employees shall handle all cans and containers with reasonable care to avoid damage. Contractor shall replace all cans in an upright position and shall immediately clean up and to avoid damage, shall replace all cans in an upright position and shall immediately clean up and dispose of any contents thereof which may be spilled, regardless of who may have caused the spill.

G. Reporting Requirments. The Contractor must provide the City with certified weight receipts for the monthly collection of all recyclable materials. Each month's weight receipts must be provided to the City no later than 30 days after the end of each month. If a material is not weighed separately when it is delivered to processing, the City must approve the procedure used by the Contractor to determine the percentage of each type of recyclable material in relation to the total material collected. To substantiate the accuracy of the Contractor's procedure, the City may, at its discretion and at no addition cost to the City, require the Contractor to separately with each material.

The Contractor must report the amount and type of recyclable material and where the material is delivered for recycling. Minnesota Statute 115A.553 requires counties to ensure that materials are taken to markets for sales or recycling processing centers. Consequently, if the Contractor delivers materials to a broker, the Contractor must report what end market the broker used. Summaries by brokers and end market must be provided no later than 30 days after the end of each month. Brokers or recyclable processors receiving material from these curbside programs must be in compliance with the state and local government permit and licensing laws, If material are stored for a period longer than 30 days by the Contractor, the amount of the material by type and location of storage must be reported to the City.

The Contractor must report to the City, on a monthly basis, the average price per ton received from the sale of recyclables. Each monthly report on gross revenues must be proved to the City no later than 30 days after the end of each month.

7. Prices for garbage and Yard Waste Collection and Hauling and Recycling Collection Hauling Processing and Marketing.

A. The following terms will be used in this section to determine the compensation payable to the Contractor, and are defined as follows:

1. "Refuse and Garbage Tipping Fee" shall mean the per ton amount assessed to the Contractor by an approved disposal facility.
2. "Refuse and Garbage Disposal Charge" shall be determined by multiplying the "refuse and garbage tipping fee" by the "amount of refuse and garbage to the approved disposal facility."
3. "Amount of Refuse and Garbage to the approved disposal facility" shall mean the amount (in tons) or fractions thereof of refuse and garbage delivered to an approved disposal facility.

8. Garbage Collection Hauling Rate

Shall mean the monthly per home rate charged by the Contractor for costs attributable to transporting garbage and refuse to an approved disposal facility. This rate is based on at a limit of two (2) cans per home. If a household has more than two (2) cans of refuse, the resident must call the Contractor and make arrangements for the extra collection, or the account will be treated as a Cash On Delivery (COD) for bag exceeding the two (2) can limit. Contractor shall be responsible for billing and collecting all service charges and fees. Contractor shall report costs to be billed to respective residents and collected by the

Contractor in the format and frequency requested by the City. The charge will be \$3.00 per extra can of trash.

9. "Yard Waste Collection and Hauling Rate" shall mean the monthly per home rate charged by the Contractor for costs attributable to transporting yard waste to at a compost site.

B. During the term of this Contract, or any renewal thereof, the Contractor shall bill the City for services under this contract on or about the first of every month following the month in which services have been performed. The City shall make payment to the Contractor on or before the 1st of the month following receipt of the billing. Payment under the contract shall be in an amount to be determined by the following formula:

COMPENSATION = (Garbage and Refuse Hauling Rate + Yard Waste Hauling Rate + Recycling Hauling Rate) X weekly number of dwelling units serviceable (as defined in Section 7,C) + garbage and Refuse Disposal Charge.

C. The weekly number of dwelling units serviceable as of April, 2009 is agreed to be 613. Additions or deductions in the number of units collected shall be requested by the Contractor and shall be subject to the verification and agreement by the City. Such adjustments may not be made more often than once per month.

D. During the term of this contract, the monthly per home rates charged by the Contractor shall be as follows:

	5-1-2009 through 4-30-2010	5-1-2010 through 4-30-2011	5-1-2011 through 4-30-2012
Garbage Collection and Hauling Rates	\$6.30	\$6.52	\$6.74
Yard Waste Collection and Hauling Rates (includes Christmas trees and wreaths)	\$3.03	\$3.13	\$3.24
Recycling Collection, Hauling, Processing and Marketing	<u>\$3.70</u>	<u>\$3.82</u>	<u>\$3.95</u>
TOTAL	\$13.03	\$13.47	\$13.93

E. Special Item List (See Attachment A). Attachment A is a list of items not covered under the two (2) can limit. The items are listed with the disposal charge listed separately. The disposal charges for these items will be credited back to the Refuse and Garbage Disposal

Charge as listed on Attachment A. All special items will be charged by the Contractor.

10. Insurance.

10.1 Contractor shall provide, at no cost to the City, automobile and public liability insurance for not less than \$1,000,000 for injuries from any one accident; and \$300,000 for property damage, the Contractor shall carry Workers' Compensation, as required by the State of Minnesota on all of its employees, and shall make such contributions as are required to the Minnesota Unemployment Compensation Fund. The insurance to be provided by contractor shall be placed with an insurance company licensed to do business in the State of Minnesota and with an insurance company, which is acceptable to the City. Failure to provide and maintain said insurance which shall provide that the policy or policies described in the certificate shall not be canceled except on at a mailed ten (10) days notice before cancellation becomes effective. Contractor shall provide to the City, at no cost, at a performance bond in the amount of \$5,000.

11. Indemnification.

11.1 The Contractor shall indemnify and hold harmless the City, its elected officials, commissioners either elected or appointed, officers, a agents, and/or employees from and against all claims, damages, losses or expenses, including attorney fees, for which they may be held liable, resulting from the assertion against them of any claims, debts or obligations resulting from the negligence or willful misconduct of the Contractor in the consequence of the performance of this Agreement by the Contractor, its employees, agents or subcontractors.

12. Termination.

12. 1 The City may terminate this Contract on thirty (30) days written notice to the Contractor for failure of the Contractor to carry out and perform the work specified herein to the satisfaction of the City and the City reserves the unqualified right to make such determination. In the event the City terminates the Contractor's services for cause as provided herein, Contractor shall be liable and obligated to pay the city the difference between the Contract price and cost to the city obtaining like services from another contractor for the unexpired term of the contract.

13. Successors and Assigns.

13. 1 The Contractor binds itself jointly and severally, its successors, executors, administrators and assigns to the City in respect to all covenants of this Agreement. The Contractor shall not assign or transfer any part of its interest in this Agreement, nor sublet it as at a whole, nor shall the Contractor assign any monies due, or to become due, without the City's prior written consent.

14. Non-discriminatory Practices.

14.1 Minnesota Statutes, Section 181.59, which prohibits discrimination on account of race, creed or color in the performance of public contracts, is made a part of this Agreement with the same force and effect as is set out herein verbatim.

15. Whole Agreement.

15.1 This Agreement embodies the entire Agreement between the par-ties including all prior understandings and Agreements and may not be modified except in writing signed by all

the parties.

IN WITNESS WHEREOF, the parties have hereto set their hands this _____ day of _____, 2009.
