Memo

To: Mayor and City Council
From: Robin Bowman, Public Works Superintendent
Date: May 10, 2016
Re: 2016 Seal Coat Chips Quotes

As part of the seal coat project, we need will a quantity of 350 tons of rock. This cost has gone up to \$29.95 and the year before \$27.60 a \$2.35 a ton increase. Three quotes were received for the chips and trucking:

Company	Cost Per Ton Chip & Trucking	Total Cost
Dresser Trap Rock, Inc	\$46.25	\$16,187.50
Martin Marietta	\$30.67	\$10,734.50
Minnesota Roadways Co.	\$35.00	\$12,250.00

Source of Funds

The 2016 CIP budget for streets is \$62,417. Of this amount, \$44,667 has been identified for seal coating. That leaves us with \$17,750 for seal coat chips, striping and patching. Take the \$10,734.50 out of the \$17,750.00 and we have \$7,015.50 for striping and patching.

The seal coat rock for this year cost is \$10,734.50. The seal coat bids to place emulsion, putting the rock on the streets, sweeping the rock up with traffic control is \$37,343. Collectively, the project is at \$48,077.50.

 VP-MARKETING

Based on my trucking capacity we would need 2 to 3 days to haul material to your stockpile location. Would prefer to haul in
This material would be hauled to a stockpile site in 25 ton end dumps and not to the chip spreader.
