Re: Deer Survey

Staff has prepared a list of potential questions concerning the deer population in Tonka Bay. These can be disseminated through the December Newsletter and City email.

- 1) Do you think the City of Tonka Bay has an overpopulation of deer?
- 2) Should the City prohibit the feeding of deer?
- 3) Should the City contract to reduce the population of deer in the City?
- 4) Should the City allow residents to hunt deer in the City in order to reduce the population?
