

Memo

To: Honorable Mayor and City Council
From: Joe Kohlmann, City Administrator
Date: May 8, 2012
Re: Monument Signs

Staff met with Rich Ed from Elements, Inc. concerning entrance monument signs. Rich provided a number of photos showing past work Elements, Inc. has done for entrance monuments. *Attached are the photos and sample 'sign plans'.*

Rich stated Elements, Inc. would be willing to pursue this with the City a couple different ways. He stated he would be willing to draw a requested design at cost (a few hundred dollars) or work with the City on the development of the sign as long as they were provided the work to construct the sign.

This was discussed earlier in the year but Staff is looking to formalize a plan for the entrance monuments. There is \$8,000 - \$9,500 budgeted in 2012 and 2013 for entrance monument signs located at the north and south end of Manitou.

Staff wants to discuss how to proceed with the acquired information. The City Council or Committee could request specific materials/design standards and pay Elements, Inc. to draw up a plan or work with Elements Inc on the design.

Council Action Requested:

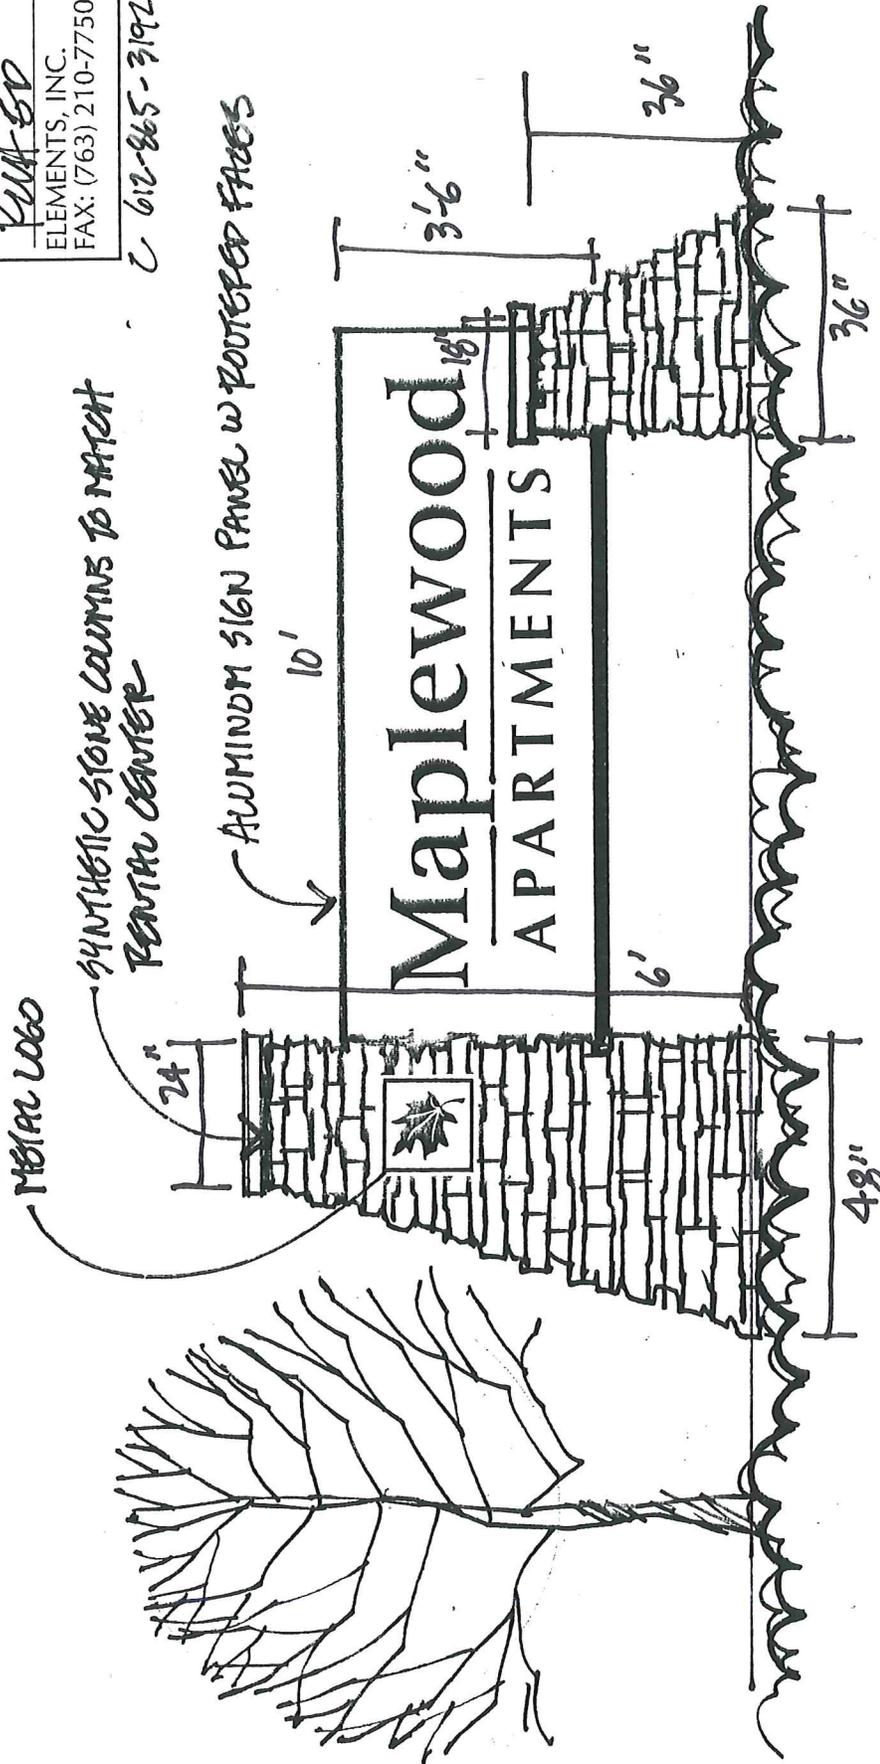

Discuss the Monument Signs and direct Staff how to proceed on this project.
