

Memo

To: Mayor LaBelle/Tonka Bay Council
From: Greg Kluver/Public Works Superintendent
CC: Joe Kohlmann, City Administrator
Date: February 14, 2012
Re: 2012 Proposals for Sanitary Sewer Televising

Planned for in the 2012 Sewer Operating Budget is the television inspection of 5000 linear ft. of sanitary main line sewer. The main line areas to be televised are as follows:

- West Point Road (100-285)
- West Point Ave
- Fairhope Ave
- West Point Drive, West Point Court and West Point Circle.

The following companies have submitted proposals to complete the televising:

COMPANY	COST/FT.	TOTAL
Pipe Services Corp.	\$.75	\$3,750
American Environmental LLC	.65	3,250
Infratech	.475	2,375

ATTACHMENTS:

1. Proposal from Pipe Services Corp
2. Proposal from American Environmental LLC
3. Proposal from Infratech

ACTION REQUESTED

Motion to approve the low proposal from Infratech in the amount of \$2,375 and Motion to authorize the Public Works Superintendent to sign the proposal

Please note: Infratech has completed televising projects for the City on a number of projects, and their work has been satisfactory.

Source of Funds:

The 2012 Sewer Operating fund has \$ 2,500.00 identified for the televising. If approved, the work would take place April through May, 2012.

QUOTATION

January 18, 2012

Greg Kluver
4901 Manitou Road
City of Tonka Bay
Tonka Bay, MN 55331

Dear Greg;

As requested, we have prepared a quote for television inspection of approximately 5,000 linear feet of 8" and 9" sanitary sewer line in the City of Tonka Bay, Minnesota.

Our price schedule is as follows:

Color Pan & Tilt TV Inspection & Reporting of approximately 5,000 linear feet @ .75 per foot. (Includes PACP)	\$3,750.00
--	------------

Total Project cost \$3,750.00

Our bid is based on the following provisions and understandings:

1. CONTRACTOR to provide 2 typed reports and DVD's for televised services. All reporting to be completed in certified PACP format. Our new reporting system will also provide you with 4 color stills of major incidents plus a summary report of all "significant" incidents for quick identification of problem areas.
2. CITY to clean all lines prior to televising.
3. CITY understands that if there are root blockage in lines requiring a reverse set-up during televising that there will be no additional charge, however the CITY will be notified of the problem.
4. CONTRACTOR to be allowed to draw water from CITY fire hydrants, if necessary, at no additional charge.
5. CITY to provide sewer maps and manhole numbering system and to expose all manholes.
6. Completion date to be by May 30th 2012.
