CONSTRUCTION PROJECT REQUIREMENTS

The following conditions shall be met throughout the building project. It will be the responsibility of the project manager, building superintendent and/or property owner to inform all parties involved of the following requirements:

1. Construction hours are as follows (with no exceptions):

Monday through Friday	7:00 a.m. – 8:00 p.m.
Saturday and Sunday	10:00 a.m. – 5:00 p.m.
2. Parking shall be restricted to one side of the street. If the street width is such that parking on one side still restricts traffic, contact City Hall at (952) 474-7994 for alternate parking sites.
3. Dumpsters, building materials, rock, etc. shall be located on the building site. All other locations involving placement of these materials within City right-of-way requires prior approval from the Public Works Superintendent (952) 474-2947.
4. Adequate toilet facilities must be on site. See City Code Section 300.04 for standards.
5. The city street shall be cleared at the end of each workday or sooner if so needed. If the street is not cleaned within a 24-hour period, the City will authorize Public Works to clean the street. All related costs will be billed to the property owner.
6. Any excavation within the city right-of-way requires a street excavation permit.
7. Load Restrictions: Woodpecker Ridge Road has a 4-ton per axle weight restriction beyond Willow Woods Drive. Contact the Public Work Superintendent at 952-474-2947 to discuss your options if you are working on Woodpecker Ridge Road.
8. Seasonal Load Restrictions: Load limits for all streets in Tonka Bay are 4-ton per axle weight once posted. The City of Tonka Bay follows the Mn/DOT's schedule for posting and removal of load restriction limits. Tonka Bay does not issue overweight permits during this period. It is the responsibility of the contractor to monitor the load restriction limits as posted by Mn/DOT. The Mn/DOT load restriction 24-hour telephone hotline is 1-800-723-6543 or (651) 406-4701 in the Minneapolis/St. Paul Metro area.

If you have any questions regarding these requirements, please contact Robin Bowman at (952) 474-2947.
