**Inflow and Infiltration  
Certificate Application**  
(Sewer Line Televising/Scope  
Requirement for Home  
Sellers)

As of July 2020, no properties in Tonka Bay may be sold or change ownership without first obtaining a certificate of Inflow and Infiltration and Inspection from the City of Tonka Bay. In short, this entails contracting a professional to televise/scope the sewer line between a home and the road (the area of the line owned by the property owner) to determine if the existing sewer line meets City Code (no obvious breaks, cracks, sags, leaks, etc. See Section 827 for full list). The flash drive or link to the televising/scoping should be submitted with this application – **WARN YOUR TELEVISIONING CONTRACTOR THAT VIDEOS MUST BE AT A SLOW PACE AS CAMERAS PULLED THROUGH TOO QUICKLY WILL BE AN AUTOMATIC FAIL.**

A contractor has televised the line and we are ready for inspection and, to the best of my knowledge, the information I have submitted is true and correct. I agree to bring my sewer line in compliance with the City's ordinances if there is an inflow and infiltration violation. I have read and understand section 827 related to inflow and infiltration and I've included a \$150 payment.
